REVIEWS

Journal of Singing (Review of “Mastering College Musical Theatre...”) **January/February 2018**
 “The college application process has grown highly competitive, and students look for any edge to make themselves stand out in the audition pool. Mastering College Musical Theatre Auditions contains useful tools for prospective music theater majors, particularly when consulted in conjunction with the advice of parents and teachers. Students who are contemplating a college degree in music theater should investigate this volume.”

stageandcinema.com (Review for BAIT n’ SWISH) **October 2011**
 “It needs to be said... Charlie, Justin, the Gay Bait hosts, and the other 28 men looking for a date are all miraculously played by two versatile actors: Tom Gualtieri and David Sisco. Without costume changes, but with instant, carefully chosen shifts in voice, posture, manner, and level of nelliness, they transform into all of BAIT’s 32 characters.”

NYTheatre in Review (Review for BAIT n’ SWISH) **October 2011**
 “The whole evening is a testament to the strength of Sisco's writing and the brilliant performances of Gualtieri and Sisco. Gualtieri, particularly, shines in the second act, in which he plays every character that's not Charlie—probably around two dozen or so, including a succession of outré drag queens; the delightful trio of Adam, Ryan, and Bill; and, especially, the formidable and fabulous Delores. Sisco has written enough meaty parts to satisfy an entire company of expert actors, and he's lucky that, in Gualtieri, he's got the one-man equivalent.”

Journal of Singing (Review of “Dear God” song cycle) **September/October 2008**
 “Although the texts are childlike, and the music does not overwhelm them, neither are the vocal lines and the piano parts in any way simplistic. Sisco both reflects the moods of the texts and penetrates to the core meaning, which can be simply a child’s surface feelings or something more profound, provoking wonder at their powers of observation and understanding.”

EDGE Boston (Review for *Here I Am: A Musical Personal Ad*) **November 2004**
 “HERE I AM is not only a coming of age tale - it is a one-man show about self-acceptance, growing up, the search for love, love and the sentient ability to find humor in it all. David Sisco has written himself a surprisingly witty and touching musical memoir.”

Boston Herald (Review of AIDS Quilt Songbook) **February, 2001**
 “Of the 17 songs that were heard Saturday, the best remain Ricky Ian Gordon’s “I Never Knew,” sung with heart-breaking sincerity by David Sisco.”
